Paul,

We are making good progress responding to DOGM's comments on our draft reclamation cost estimates but I would like to request one more week to get them finalized and sent to you. It is taking a little more time than we expected to make sure that our responses are thorough and consistent. This pertains to the following mines:

- * La Sal/Snowball Mine (M/037/0026)
- * Pandora Mine (M/037/0012)
- * Rim-Columbus Mine (M/037/0006)
- * Energy Queen Mine (M/037/0043)
- * Daneros Mine (S/037/0121)

We propose to submit them on March 4, 2016. Please let us know if this time extension is acceptable.

Thanks,
Andrea
